

# Ery Country: Danger Once More - Chapter 8: Farewell, Urgehippo

He won at  
the cooking  
showdown  
and rescued  
the Princess.

Uhyoo  
huh!

You know  
you can  
stay here  
longer.

Do you  
really have  
to go?

Onion salad  
really does  
make your  
blood run  
smooth!

I think  
we'll attempt  
to improve  
our cooking  
arts as an  
alternative  
means of  
confrontation  
without relying  
upon military  
force.

I clearly  
realized that  
this time.

In battle,  
one does  
not simply  
exchange  
blows.

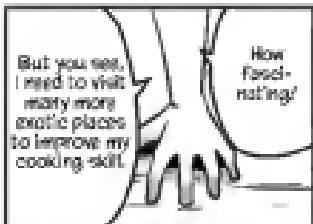

Hi,  
Princess!

That's  
right.

With  
your cooking  
art, surely I  
don't suppose  
we could get  
you to be our  
teacher?

I want to  
turn this place  
into a country  
with delicious  
cuisine that  
won't lose  
to any other  
country.

How  
fasci-nating!

But you see,  
I need to visit  
many more  
exotic places  
to improve my  
cooking skill.
